Interests and Activities

My interests and the activities that I enjoy are hiking, swimming, bowling, golfing, and working on computers.

Hobbies

Im a tech junkie. I love learning new and interesting things about the tech of our time.

Computer Skills

I have an array of computer skills including both hardware and software. I have built three computers, my mothers, a friends, and my own. I know how to properly hand and replace the hardware in a Personal Computer very well. On the software end of things I am knowledgeable in both Microsoft Office and Adobe products. The ones that I know how to use best are: Word, Excel, PowerPoint, Publisher, Outlook, Photoshop, Illustrator, and Premier Pro.
